

HARD LINES FOR TOBACCO TRUST

Some of Defendants in Suit Government Has Just Brought May Be Prosecuted as Criminals

FEDERAL WAR OPENED ON GREAT COMBINE

New York, July 10.—James C. McReynolds, the special assistant attorney general, appointed to prosecute the so-called tobacco trust, declared today after filing the complaint in the case, that the question whether he would urge the court to appoint a receiver for the various companies would depend entirely upon the evidence secured from the witnesses summoned upon his complaint. He also said that criminal prosecutions of the defendants he named in the complaint is highly probable and that the Federal law, under which this action is brought, makes a conspiracy in restraint of trade a criminal offense.

A significant feature of the complaint filed by Mr. McReynolds today is the waiver by him of the right of demanding answers under oath from corporations and individuals named as defendants in his complaint, as the making of such answer under oath might confer immunity from prosecution.

Defendants and Witnesses.

The individuals named as defendants and named as witnesses are James B. Duke, president of the American Tobacco company; John B. Cobb, president of the American Cigar company; William K. Harris, chairman of the board of managers of the British-American Tobacco company; Caleb C. Dula, vice president of the American Tobacco company and a director of the American Snuff company; Percival S. Hill, vice president of the American Tobacco company; W. C. Reed, agent in the United States for the Imperial Tobacco company of England; Thomas F. Ryan, Pierre Lorillard, Peter A. B. Widener, Anthony N. Brady and practically all of the directors of the American Tobacco company.

Mr. McReynolds appeared before the clerk of the court alone to file the complaint, but the petition is signed by Attorney General Charles J. Bonaparte, Milton D. Purdy and Edwin P. Grosvenor and James C. McReynolds, assistants to the attorney general. There was no hearing before the

court, today's action being confined to filing the complaint.

Next Step in the Case. Mr. McReynolds said that the next step in the case would be the serving of the notice of the complaint upon the defendants and the taking of their reply or demurrer. Further, that the witnesses would be called before the court and the taking of evidence would begin.

At the conclusion of this, the assistant attorney general would ask the court to take whatever action in the case he may consider desirable.

In reply to a question whether he intended to urge the court to appoint receivers for the various corporations, Mr. McReynolds said he could only decide that after the hearing of the evidence given by the witnesses.

"What precedent have you for asking for the appointment of receivers?" he was asked.

"The Sherman law under which this action is brought," replied Mr. McReynolds, "provides that the court may restrain and prevent the operation of a combination. If the court finds that the appointment of receivers is necessary to prevent operation of this combination, it may appoint them. We ask the court to enjoin these companies. If it did so, it might prevent men from buying tobacco, but if receivers are appointed, the business would be continued, the public would not be embarrassed by the inability to buy tobacco and the receiver might sell the various factories to independent concerns, thus effectively dissolving the combination."

Mr. McReynolds said he had no idea how soon the taking of evidence would begin.

MR. A. E. HOFFMAN.

Lumber trust don't worry him;
He just rolls logs to his big saw
And goes ahead with lots of vim
To sell it where the prices draw.
The world around his market lies,
Far over seas his products go,
His boards and beams of every size
In the world's trade channels flow.

WOMAN THOUGHT TO HAVE BUNDLE OF BANK'S CASH

Sister of Runyan's Woman Companion to Be Taken to New York.

Chicago, July 10.—Florence Wood, alias Florence Moore, the sister of Mrs. Laura H. Carter, who betrayed Chester B. Runyan, the defaulting teller of the Windsor Trust company, of New York, today declared that she is willing to return to New York without extradition papers.

Miss Wood is believed by the New York police to have received more than \$20,000 of the money said to have been taken by Runyan. In her possession when she was arrested last night were found \$280, six bank books and five safety deposit keys.

HARROD'S WIFE DEMANDS DIVORCE AFTER A LONG LIFE

Says She Has Been Badly Treated and is Tired of it—Courts.

For twenty years D. Vorhees Harrod appears to have been all that the law demands of a good husband and according to a complaint filed by his wife in the superior court today, he went wrong and she wants the law to cancel their marriage agreement made January 19, 1885.

She alleges that he has kicked her, has struck and cursed her and failed for more than three years to make proper provision for her. They have one daughter who has attained her majority. The action was filed by Attorney Lee J. Hartzell.

Court Notes. The superior court will be in session tomorrow. Judge Heaton has returned from the meeting of the State Bar association at Indianapolis.

Justice Tancey put Arthur Miles under a surety of the peace bond yesterday on the complaint of his wife and he went to jail in default.

PROF. KLEIN AGAIN HEADS WALTHER LEAGUE

Fort Wayne Man Re-Elected to Presidency—Excursion to Rome City.

The results of the election of officers for the Walther league, which were announced this morning, are as follows: President—F. A. Klein, Fort Wayne. Recording Secretary—John Renn, Huntington.

Corresponding Secretary—Emil P. Haas, Milwaukee. Treasurer—R. E. Braeunlich, Buffalo.

Inn Committee—Wm. Stoltz, Monroe, Mich.; Paul Troll, Monroe, Mich.; Herr Reising, Monroe, Mich.

Membership Committee—M. D. Dippmann, Milwaukee; R. Fiedler, Milwaukee; Rev. Thiele, Milwaukee. Board of Directors—H. E. Gawhe, Buffalo; R. E. Braeunlich, Buffalo; R. F. Kreinheider, Buffalo; F. Kelling, Buffalo; Rev. George Bartling, Buffalo.

The balloting for the officers took place yesterday afternoon, but the voting was so lively that by the time for adjournment it was too late to announce the results. The balloting committee gave the above report this morning and the results were received with cheers from the delegates.

An interesting session. The session this morning was by far the most interesting yet held. The principal topic of discussion was the argument over the question as to whether or not the Walther league should in any way be connected with the Missouri synod and the question was settled in a negative manner, much to the enjoyment of the officials of the league, over whom this question has cast a cloud for some time.

It was decided to let the synod mind its own business and also to let the Walther league paddle its own canoe. There were some very good and lengthy talks on this question and it aroused a warm debate. Among the speakers for the negative side are included the Rev. Jacob Miller and Rev. Moll of this city, and the Rev. H. Fricke, of Monroe, Mich.

YOUNG CHRISTIANS IN GREAT HOST AT SEATTLE

Annual Convention of Society of Christian Endeavor Inaugurated.

Seattle, Wash., July 10.—With hundreds of delegates already in the city and with more due today the twenty-third international convention of the Christian Endeavor began here yesterday. Delegates from every state in the union and from many foreign countries are in attendance. The city is decorated in honor of the convention, thousands of American flags and hundreds of green and white streamers fluttering to the breeze.

The convention was ushered in last night with the presentation of Handel's Messiah. Eight thousand people packed the immense tent erected for the convention to listen to the rendition of the famous oratorio.

ENGINEER FORD UNABLE TO ATTEND MEETING OF COMMITTEE

Is Present at Letting and Can Not Come—Municipal Notes.

Civil Engineer Owen Ford, who is to have charge of the construction of the municipal lighting plant, can not be present at the meeting of the city council committee on contracts and franchises tonight for the reason that he has a meeting in another city. This fact was wired to the board of public works today.

G. N. Berggren, representing the McBride Electric company, will be present, however, to take issue with the C. L. Olds Construction company on the wire proposition and some excitement is promised from that direction. Then the smokestack bid is likely to cause a little disturbance, although Chairman Lennon says that the bid of the Weber Concrete company has been rejected and will not be submitted to the committee.

Pipe Bids Opened. The bid of the Massillon Iron and Steel company for iron pipe for the waterworks has been accepted by the board of public works and 175 tons ordered. The price is \$35.60 per ton.

Christ F. Raquet, a bartender at Jackson and Thieme's and Miss Bernice O'Brien were married today by Justice Hanthorn.

HOT DENIAL OF A WAR SCARE STORY

No Truth in Statement That Japan Has Categorically Asked for Satisfaction of United States

SATAMOTO INTERVIEW IS WITHDRAWN

Washington, July 10.—From the state department and from the Japanese embassy here came swift and conclusive denial today of the accuracy of the statement cabled from The Hague to the London Daily Telegraph and reprinted in this country, to the effect that Japan has made categorical demands on the United States government for satisfaction in connection with the treatment of Japanese in San Francisco and has served notice of her intention to deal with the Californians herself if the national government fails to do so.

WILL WITHDRAW INTERVIEW.

Tokio Newspaper to Take Back Offensive Words Ascribed to Sakamoto.

Tokio, July 10.—The Hochi will tomorrow withdraw the interview with Admiral Sakamoto. The latter was quoted as saying that American naval officers were brilliant social figures, but deficient in professional training and practice and that the crews of

American ships would retreat rather than fight Japan.

Simultaneously with the withdrawal of this interview, the Hochi will publish an anonymous interview with a Japanese naval expert, highly eulogistic of the efficiency of the present American navy and the high standard of its gunnery.

EARLY ACCORD EXPECTED.

Paris, July 10.—Another statement from "an authorized source," issued this morning, adds to yesterday's inspired communication the information that the decision of the United States to dispatch the battleship fleet to the Pacific was taken long ago and was only deferred in order not to embarrass the negotiations between Japan and the United States. The statement continues:

"We may, therefore, be permitted to expect an early accord which will relieve the cruise of the fleet of the slightest suspicion of unfriendliness towards Japan."

AOKI'S RECALL DENIED.

Tokio, July 10.—The report that Ambassador Aoki will return home is officially denied.

LAWMAKERS OF NEW STATE AGAIN IN SESSION

Oklahoma Constitutional Convention Reconvenes to Complete Work.

Guthrie, Okla., July 10.—The convention that early this year drafted a constitution for the proposed new state of Oklahoma reconvened here today after a two months' recess. The convention had previously set August 6 as the date on which the document should be submitted to the vote of the people for ratification or rejection, but in the light of later developments this date was annulled. The present work of the convention will be to set a new election date, to finish up a good deal of minor work and to adjourn sine die. The final adjournment is expected within ten days.

After the convention has adjourned the republican state committee will issue a call for a state convention to name a full set of officers. The republican gathering had been called to meet at Tulsa, July 12, but it later was determined to cancel this date and wait till the constitutional convention finishes its work. The democrats have already named their ticket.

TODDLER TAKES A TRIP TO DISTRACTION OF MOTHER

Tires of Waiting for Train and Gets Aboard a Street Car.

Mrs. Brattain Wells, bound from the east to a point in Kentucky, fondly embraced a four-year-old son in the sheriff's office this afternoon and in her joy at recovering the youngster forgot the hours of uneasiness he had caused her and did not administer the chastigation that she had promised him when she first missed him at the south depot.

The toddler was one of four children Mrs. Wells had in tow and when she went to the Washab depot to wait for a train he grew tired. He investigated most everything in and around the station then longed for new discoveries, which he thought might be made better on a street car. When one came along he boarded it.

The conductor thought he was with one of his passengers, but as everybody left the car without the formality of lugging the child off he began to wonder. At the transfer corner he reported to "Tony" Linz, night superintendent of the traction lines, who took the boy to the sheriff's office.

HALF A DOZEN DEAD MEN IN RUINS OF BUILDING

Concrete Structure Collapses in Philadelphia Without Warning.

Philadelphia, July 10.—Six workmen are believed to have been killed by the collapse of the Bridgeman Brothers building on Washington avenue below Fifteenth street this afternoon. One body, that of John Marshall, has been taken from the debris and at least five others are in the ruins.

At the time of the collapse about 25 men were at work on the structure. The building was a reinforced concrete structure and when the east wall began to crumble many of the workmen jumped and escaped with their lives. A number of others were carried down beneath hundreds of tons of concrete and if they were not instantly killed, it is believed they cannot survive their injuries until the rescuers reach them.

Scores of men are at work endeavoring to reach the unfortunate men but the work of rescuing is necessarily slow because of the immense weight of the debris, which must be removed. Concrete and huge girders are piled as high as the second story of the structure.

Bridgeman Brothers are manufacturers of steam fitters' supplies and were constructing an addition to their factory.

NEW BAND IS COMING.

Holcomb's Pittsburgh Musicians at Park Next Week.

Holcomb's Pittsburgh band has been secured to play a three-day engagement at Robison park on Monday, Tuesday and Wednesday of next week. The band has thirty-five members, including a number of soloists of merit. It has never been heard in Fort Wayne.

GROCER STILL MISSING.

Relatives Unable to Find Any Trace of James S. Seymour.

Relatives are still without information as to the whereabouts of James S. Seymour, a grocer at 1561 Maumee avenue, who disappeared from his home Monday afternoon, and they are unable to supply any reason for his disappearance.

Seymour owned one of the oldest suits of clothes in his possession and left Monday afternoon, announcing that he was going to purchase two calves from a farmer residing beyond the Broadway street car line. Inquiry elicited the information that Seymour had not called at the farmer's place. He was seen at the Market Place depot shortly before the departure of a train at 3 o'clock, and may have gone eastward. He had about \$300 in his possession. Seymour, so far as known, had no trouble of any character. His family relations are said to have been entirely pleasant, his business affairs were in excellent shape and he was a man of good habits. His wife is prostrated over his disappearance.

HAS RETURNED EAST.

President J. Leaning Jones, of the Fort Wayne and Washab Valley Traction company, left last evening on his return to Philadelphia. A meeting of the company directors will be held in that city tomorrow.

INDIANA LIMBS OF PLAN FOR GETTING THE LAW ARE IN SESSION

Dan Sims of Lafayette to Head State Bar Association.

Indianapolis, July 10.—Today's session of the Indiana State Bar association were held in the United States circuit court room in the federal building. The program for this forenoon included the annual address by Merritt Starr, of Chicago. His subject was "Legislative and Judicial Development of the Law Concerning Competition Contrasted." This was followed by a paper on "Legal Ethics" by Andrew A. Adams, of Columbia City.

Following the election of officers this afternoon the meeting will close this evening with a dinner.

It is understood that Dan Simms, of Lafayette, will be elected president.

The Bar association went on record as favoring the separation of probate jurisdiction from the circuits of the state.

In discussing his subject Mr. Starr argued that the courts had done more to bring about the proper control of trusts and combinations than had the legislative bodies. While the courts sometimes made wrong decisions, he said, they did not hesitate to change the opinions when the change was found necessary. He reviewed the cases that had been decided by the federal courts under the Sherman anti-trust law and pointed to the fact that the courts had at last reached the conclusion that a combination or trust, to come under the inhibition of that law, must be shown to be one in unreasonable restraint of trade and commerce. Prior to that time, he pointed out, the decisions held that any kind of a combination in restraint of trade, whether reasonable or unreasonable, was illegal.

LABOR AND COMMERCIAL ORGANIZATIONS TO ACT WITH SCHMITZ

Organizations to Act With-out Politics.

San Francisco, July 10.—The plan for the selection of a mayor of San Francisco, pending the election of a successor to Mayor Schmitz, convicted and sentenced to five years in the penitentiary for extortion, has been decided upon by the bribery graft prosecution, and was made public late last night and was formally submitted, through District Attorney William H. Langdon, to the commercial and labor organizations of the city.

The plan, as submitted in letter mailed to the commercial and labor organizations last night, calls for a convention composed of thirty delegates, 15 to be named by the labor and building trades council and three each by the five leading commercial organizations. These are to select a mayor to fill out the unexpired portion of Schmitz's term. If this plan is accepted the convention is to be held within two weeks and governmental rehabilitation of San Francisco approached.

District Attorney Langdon stated that the selection of Supervisor Charles T. Boxton by the board of supervisors yesterday as acting mayor, was merely temporary, asked that all political and factional differences be laid aside in the selection of a mayor. A reply is asked for within five days.

Boxton was sworn in as mayor last night. He will not be permitted to remove any one.

NO FURTHER DIVIDEND.

Costs Have Exhausted Remainder of Farah Bankrupt Estate.

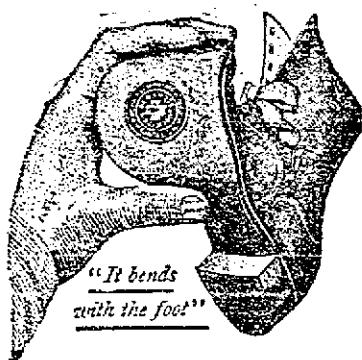

Early in June notice was issued from the office of referee in Bankruptcy Wood to the several hundred creditors of the bankrupt estate of K. Farah & Bro., to the effect that a final dividend would be paid in the estate about June 15. Since that time, however, it has developed that the costs in the court proceedings, together with belated claims against the concern have entirely wiped out the remainder of the estate, and there will be no further dividend. At total of 15 per cent. has been already paid.

WILL LET CONTRACTS.

It is expected that Mrs. John Mohr will this week let contracts for the erection of a group of houses upon her property at Washington and Clinton streets. There will be a total of eight houses, four facing East Washington and four facing Clinton street, and the cost estimate will be torn away to make room for the new structures.

ried. The opening talks at this convention have all been unusually good and this step was taken to preserve them.

At the afternoon session the report of the fund kept on hand for the maintenance of poor students at the colleges in this city, Milwaukee and St. Louis, was read. The Walther League sends quite a number of its members to school in this manner. The report of the sanitarium at Denver, which is kept up by the league, was read and proved very satisfactory. In the latter part of the day it was talked over as to what should be done with the collections which were taken up at the services at the St. Paul's Lutheran church last Sunday evening, and that which will be taken up at the services this evening at the Emanuel Lutheran church, where Rev. Moll is pastor. All unfinished business was finished up, after which votes of thanks were given to all of those who have helped the convention along in any way, or to those who have taken any special interest in it. The services to be held this evening at the Emanuel Lutheran church will close the sessions of the fifteenth annual convention of the Walther League. Tomorrow there will be an excursion to Rome City as a side line.

Excursion to Rome City. Those who have this excursion in hand are bending every effort to make it a grand success and it is to be hoped that they will be rewarded. The excursion is given purely for the benefit of the guests of the city, to show them what a fine resort Fort Wayne has near her. The committee has spared no pains to make an interesting program, and it is arranged as follows: Half-mile boat race (men); half-mile boat race (ladies); fat man 100-yard dash (200 pounds minimum limit); 50-yard boys' race (under 15 years); 100-yard dash (men); three-legged race; sack race; potato race (ladies); 50-yard ladies' race; 100-yard swimming match.

It is the hopes of the committee that all who are here and can, will attend the excursion. The train leaves the Grand Rapids and Indiana depot at 9:00 sharp tomorrow morning, and returning, leaves Rome City at 9:30. The balloting for the various offices occupied the entire time of the delegates Tuesday afternoon and when the meeting adjourned at 5:30 they were still balloting. The evening was open and many enjoyed the ride out to Robison park, while others were entertained at parties given by Fort Wayne hosts. Tomorrow is the big excursion day and almost all of those here will take the trip to Sylvan Lake at Rome City.

Social Notes of the Convention. Miss Ida Klavitter, of Elkhart; Miss Louise Crone, of Monroe, Mich.; and the Misses Sophie Lasch and Elsie Manns, of Cleveland, are the guests of Miss Clara Narwell.

Henry Weseloh and Will Herman, both of Cleveland, are the guests of Arthur Schoch, of Madison street.

William Aumann has as his guest Richard Burdick, of Cleveland.

The Misses Minnie Leaga, of Elkhart, and Edna Nickel, of Logansport, are visiting Miss Lula Leidoff, of this city, during the convention.

John Renn, secretary pro tem. during the present convention, is visiting A. Joebier, of Summit street.

President F. A. Klein has as his guests during the convention Rudolf Braeunlich and F. Borow, of Buffalo.

HE FINALLY MADE GOOD.

Misshawaka Man Dies Twice Before It Is a Sure Thing.

Misshawaka, Ind., July 10.—A role form lay on a bed at the home of Joseph Weinberg. Members of the family spoke in whispers and all moved with noiseless tread.

The pale form was that of Joseph Weinberg himself, and his relatives mourned him as dead. Weinberg Monday had made several attempts to kill his wife and daughter, but had failed. Last night he choked his daughter severely and then took a dose of laudanum and fell to the bed apparently dead.

Within a short time the doctor came, accompanied by an embalmer. They entered the room and slowly approached the bed where the "dead" man lay. The embalmer was just preparing to begin work when the pale form raised itself and sat erect in bed with staring eyes.

The embalmer did not know what to do with his instruments. He ran out at the door, followed by a gang of boys who were then in the house. They were some distance from the house.

Yesterday Weinberg died. Members of the family called the coroner, but he hesitated. They were then forced to call a physician. Finally, after considerable persuasion on the part of the family and many assurances that Weinberg was really for sure dead, he came to the house and performed his duties without interruption.

MR. BASH TOLD THEM WHY.

Fort Wayne Men Gave State Tax Board a Shock.

Indianapolis dispatches disclose the fact that Charles S. Bash, of this city, gave the state tax board a surprising shock when he appeared before that body to protest against the increase in the assessment of the Home Telephone company of this city from \$262,000 to \$315,000.

In the course of his remarks Mr. Bash admitted that the report filed by the company did not state the exact condition of the company's affairs. He explained that some things had not been disclosed in order to make possible the sale of \$250,000 worth of bonds for the purpose of refunding old bonds and of taking over the independent long distance lines.

"If the report made in order to save our bonds were sold in Fort Wayne and Allen county, we do not know of any bond holders here," he said, "but every item in the report we have filed with you is correct and true, but the report does not state everything. The things we did not have back were the things we did not dare to make public."

Frederic A. Sims, secretary of state, tried to pin Bash on to a definite answer as to just what had been held back, but Bash was clever enough to parry the questions and evade direct answers. He told the secretary of state that he was in Fort Wayne. The Bell company, he said, had for a long time given free service to its subscribers by sending them free long distance calls without any payment, but the Home company had stood up against such competition and is now in a position where it is going to get its feet under the telephone business.

He said that thousands of dollars' worth of repairs and improvements that have been needed for a long time will now be made.

FOR RHODES SCHOLARSHIPS.

Complete List of Year's Appointees is Made.

Berkeley, Cal., July 10.—The complete list of American Rhodes scholarship appointees who will go to Oxford this summer has been given out by Farrington Giffiths, secretary to President Benjamin Ide Wheeler of the University of California. Giffiths is the Rhodes scholar man chosen to represent California this year. There are forty-five Americans and eight from Canada on the list. The men from the American states include the following names: Addison White, University of Alabama.

AUTOMOBILE RAN AWAY.

A. J. Vesey and Party in Rather Remarkable Mishap.

Returning from Rome City Monday afternoon, A. J. Vesey and party experienced something decidedly unique in the line of automobile mishap when their car, standing placidly in the highway, suddenly took a notion to run away of its own accord and ended the trip overturned in a ditch some rods away. In the party were Mr. and Mrs. Vesey and the Misses Margaret and Catherine Vesey. A horse attached to an approaching carriage manifested indications of fright, and Mr. Vesey stopped his car and climbed out to assist in leading the horse past the machine. Mrs. Vesey following him. While they were thus engaged, the auto suddenly started at high speed. Nobody had touched the levers controlling the machinery, and how the car got into motion is a mystery. Mr. Vesey was unable to catch the car and he called to the young ladies to jump. Miss Margaret Vesey did so, but her younger sister remained in the car until she was tossed out by the overturning of the machine as it landed in a ditch some rods distant. Fortunately nobody was injured, but the car suffered considerable damage. The mishap occurred about three miles south of Kendallville.

HAVE IT FRAMED UP FOR BROWN

President of Valparaiso College May Be Dumped at Los Angeles.

Los Angeles, Cal., July 10.—An interesting situation has developed as a result of the election of H. B. Brown, president of Valparaiso university, Valparaiso, Ind., as trustee of the National Educational association, succeeding the late A. F. Lane, of Chicago.

Mr. Brown was chosen by the old board of directors at its meeting Monday to succeed Mr. Lane, whose term expired July 11, 1907. This made Mr. Brown's term of office just three days, unless he should be re-elected by the new board of directors, which convenes at 4 o'clock today.

It is reported from authoritative sources in the association that a large amount of opposition has arisen to the election of Mr. Brown for the new term and that when the matter comes before the new board he will be defeated.

Two possible candidates have been mentioned as likely to be named for the place. They are W. T. Harris, of Washington, D. C., and W. O. Thompson, president of the Ohio State university.

THE ARRIVAL AT KINGSTOWN.

Kingstown, Ireland, July 10.—The royal yacht Victoria and Albert, with King Edward and Queen Alexandra on board, anchored in the harbor here before daylight. The yacht was escorted by the cruisers Black Prince and Antrim. A royal salute was fired at 8 o'clock in the morning. The weather was fine, the town was completely bedecked with flags and triumphal arches, all the vessels were dressed from stem to stern with bunting and from the earliest hours thousands of people poured into Kingstown from the country in order to witness the landing of their majesties.

The Ladies' Aid society of the Lutheran hospital will meet Friday afternoon at the hospital. If possible, Dr. Merz will have a lecture for the ladies.

The monthly business meeting and social of the Luther League of Christ's Lutheran church will be held Friday evening at the home of Miss Rose Thain, 1037 Lake avenue.

REASON WHY.

COULDN'T KEEP IT.

Kept It Hid From the Children.

"We cannot keep Grape-Nuts food in the house. It goes so fast I have to hide it, because the children love it so. It is just the food I have been looking for ever so long; something that I do not have to stop to prepare and still is nourishing."

Grape-Nuts is the most scientifically made food on the market. It is perfectly pure and completely cooked at the factory and can be served at an instant's notice, either with rich cream, or with hot milk if a hot dish is desired. When milk or water is used, a little sugar should be added, but when cold cream is used alone the natural grape-sugar, which can be seen glistening on the granules, is sufficiently sweet to satisfy the palate.

This grape-sugar is not poured over the granules, as some people think, but comes from the granules in the process of manufacture, when the starch of the grains is changed from starch to grape-sugar by the process of manufacture. This, in effect, is the first act of digestion; therefore, Grape-Nuts food is pre-digested and is most perfectly assimilated by the very weakest stomach. "There's a Reason."

CLEANLY LAVED COWS OF GOOD HEALTH TO SUPPLY THE MILK

Rigid Ordinance Introduced Into Council—The Proceedings.

None but clean-tailed cows, with carefully laved udders, fed only upon the rarest selections from the bovine menu, provided nightly with bedding of unquestioned cleanliness, milked by attendants with hands washed with warm water and soap who must squirm a stream or two upon the ground before turning the milk into the market supply will be permitted to furnish lacteal nutriment to Fort Wayne if a rigid ordinance presented at the regular city council meeting last night meets the approval of the committee of the whole, to which it was referred.

The "bossy" of the past who patiently chewed her cud and shook the refuse from her tail into the milk pail as she resented the attentions of the flies, must have her scandal appendage washed before she is stripped of her share of the supply. She must refrain from quagmires and refuse heaps, must repose in an apartment with not less than a thousand cubic inches of breathing space, must be free from tuberculosis and other transmissible diseases and must preserve a standard of general excellency and good conduct that will meet the approval of a \$1,440-a-year inspector who is provided for in the measure.

The ordinance has been carefully prepared, covers the ground thoroughly and if it is passed the milk supply of Fort Wayne will be of unquestionable purity.

Fight on Police Bill.

There were two reports on the measure designed to increase the salaries of policemen from \$55 a month to \$70. Members Langard and Cook recommended the passage of the ordinance, while Mr. Boerger opposed it in a minority report. He wants the men to have the raise, but wants the board of public safety to act on the matter before the council takes it up. The sentiment is in favor of a raise of \$10 a month and that will probably be the outcome because it was plainly stated that unless the board sees fit to make the recommendation its action will be overridden by the council.

There was a wrangle over the measure. Mr. Bayer was warm in support of the movement to refer the matter to the safety board. He was aided by Mr. Welch, Mr. Boerger and Mr. Kinder and when a vote was taken on the adoption of the minority report the result was a tie of six to six.

The majority report was voted down and the question finally went to the committee of the whole by a nine to three vote. Nearly an hour was consumed in the discussion, which grew heated at intervals and in the course of which some sharp thrusts were indulged in.

The Other Matters.

One instead of two sanitary policemen were recommended by the committee on public health and finance to which an ordinance covering the point was referred. The other will be appointed the first of next year. The measure passed.

An ordinance providing for the appointment of nine additional firemen went to the committee of the whole.

The residents of the southeastern part of the city want better fire protection and the resolution asking for it went to the board of public safety.

The mayor communicated his approval of the wire strung ordinance and gave his sanction to a contract with the Forest Park company.

ASTONISHING, BUT TRUE.

Showing the Wonderful Development of Electrical Science in 25 Years.

Twenty-five years ago you could not telephone a friend; ride on the trolley cars; cool the rooms in hot weather with an electric fan; turn on the common electric light; send a wireless message to your relatives on ship-board; set your watch by an electric clock; purchase an electric auto; walk in safety in the city street in the glare of arc lamps; cook by electricity; ride behind an electric locomotive; do the family ironing out of doors without fire; drive all machinery with motors; live in a house without a chimney; keep warm by electric heat; develop out-of-the-way waterpower and transmit that power to the cities; ride on an electric elevator; listen to the telharmonium; take an electric massage or listen to an electric phonograph.

MOYER TAKES STAND FOR HAYWOOD AT BOISE

President of Miners is a Witness—A Bit Nervous at the Start.

Boise, Idaho, July 10.—Charles H. Moyer, president of the Western Federation of Miners and fellow defendant of William D. Haywood, in the indictment, charging them with the murder of Frank Steunenberg, was sworn today as a witness in behalf of his comrade.

He was called by the defense at 10:15 this morning and was escorted into court by a deputy sheriff. He seemed quite self possessed and as he walked to the stand, looked around the court room, apparently seeking a glimpse of his wife who occupied an inconspicuous chair behind one of the press tables. He displayed some nervousness as his examination began, but within a few minutes was going very steadily in a recital of his connection with the Western Federation of Miners.

During the review of the Custer d'Alene strike of 1899, Moyer said he was in sympathy with the strikers in their struggle and he never had any personal hostility for Frank Steunenberg.

In describing his duties, Moyer declared that they required that he be absent from Denver—plotting ground of the conspiracy alleged by the state—more than half of the time.

Shortly before noon the witness entered upon a lengthy examination as to the Cripple Creek strike of 1903-4.

LONG PROCESSION OF BENZINE BUGGIES ON THE ROAD

Glidden Tourists Leave Cleveland for Extensive Tour.

Cleveland, O., July 10.—Through a tunnel of closely packed and cheering spectators, three hundred men and women in a fantastic automobile garb, glided away from Cleveland this morning in the cars entered for the Glidden trophy of 1907.

At the far end of the crowded square the cars turned and slowly moved past the starters' stand; paused a moment and then were off. From seven o'clock, when the first car went away, until the last one was speeding westward, there was imminent, pressing danger that somebody would be killed. The crowd, intensely interested, overlapped the radiators and the steps of the automobiles.

The big tire wagons attracted much attention. There were several of these—automobile delivery carts, loaded to the guards with tires and detachable rims and repair outfits. Each bore its expert mechanic and its lightning tire changer.

Follow Trail of Confetti.

Far out on the west side the streaks of confetti, left by the pathfinders which departed an hour and a half before the tourists started, began to show themselves. Most of the drivers, however, knew the route.

In all, eighty-one cars started on the tour, including the official car carrying Charles J. Glidden, giver of the trophy, which was the origin of the run, and Chairman Frank B. Hower, who gives the Hower trophy for touring runabouts.

The tourists will cover about 1,600 miles on the trip, the first stop being at Toledo, Chicago, Indianapolis, Columbus, Pittsburg, Philadelphia and New York will be visited in the order named. No racing will be allowed on the trip, the pace being limited to not more than twenty miles an hour.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Next Sunday afternoon the Arion society will give a social picnic at Reidmiller's grove. The gas lamp at the corner of Calhoun and Berry street was allowed to burn during yesterday. Saturday night the printers employed in Mr. Will J. Fowler's Mail office "struck" and went to the circus. As a result the Sabbath sheet was not issued. For two months Pickard's shoe foundry has been closed down on account of a strike of the molders. Today work was resumed, the men going back at their old wages. Henry C. Graff, president, and W. P. Dren, secretary of the Library hall fair committee, publish a detailed statement showing that the net receipts of the recent fair were \$8,295.31. Negotiations for the sale of the bonds of the Fort Wayne, Lafayette and St. Louis railroad in New York have been suspended until the road can show a clear title to the right-of-way along the projected line.

This Glaze is Wholesome Protection. There is a glaze of fresh eggs and pure granulated sugar on Arbuckles' Ariosa Coffee that does not improve its appearance, but keeps its aroma and flavor intact, and protects it from contaminating odors and the dust of the store. Arbuckles' Ariosa Coffee complies with all the requirements of the National Pure Food Laws—Official Guarantee No. 2041 filed at Washington—and is pure Coffee blended for economy, flavor and health. No similar coffee is sold loose by the pound, or under any other name, or by any other persons or firms. You have our word for it, that no one can duplicate it or sell any coffee as good for anything near the same price. ARBUCKLE BROS., New York City.

The Fort Wayne Sentinel. EVERY EVENING EXCEPT SUNDAY. BY E. A. K. HACKETT. The Sentinel is a member of the Associated Press and gets the news by wire from all parts of the world the same day it happens. VOL. LXVIII. NO. 220. Entered at the Postoffice, Fort Wayne, Ind., as second-class mail matter. Daily, 10c per Week. Weekly, \$1 per Year. WEDNESDAY, JULY 10, 1907. When On Your Vacation. Let the Daily Sentinel follow you. 10c per week; payable in advance.

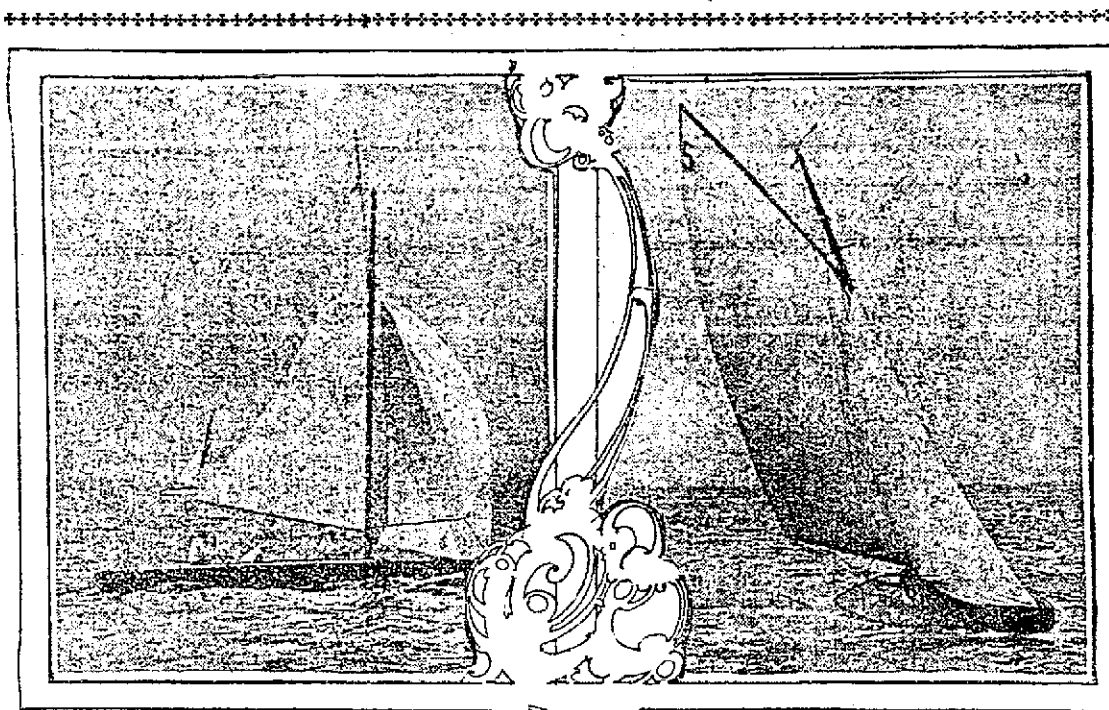

TONIGHT. Unions—Clerks, No. 233; Blacksmiths, No. 222; Building Laborers, No. 10. Fraternities—Fort Wayne Council, No. 4, R. and S. M.; Fort Wayne Chapter, No. 19, R. A. M.; Mechecanonechqua Tribe, No. 106, I. O. R. M.; Concordia, No. 238, I. O. O. F.; Eagles; Kekionga Council, No. 93, National Union; Old Fort Council, Royal League; Daughters of Workmen, No. 1; Fort Wayne Circle, No. 279, Protected Home Circle. Amusements—Robison park theater, vaudeville.

Brain storm plea is to go in for the man Runyan who sloped from the New York Trust company with about \$100,000 in real cash. Only chance to ring in the unwritten law would seem to lie with Mrs. Runyan in view of the circumstances of her husband's affair with the "lady friend" who turned him over to the police.

Board of safety is going to investigate the charge by the chairman of the board of safety that policemen have been seen in saloons after the hour when saloons should be closed at night. Administration probably thinks some policeman with untutored judgment may get crazy with the heat and begin to monkey with the guaranteed privileges of saloons to do as they please.

Experts in naval manners say that naval etiquette would not permit Admiral Sakamoto to utter such unpolite things as he said about American naval officers and men. Possibly. But just dust off the fact that when

Three American Sonder Class Boats Shipped to Kiel to Meet the Imperial Y. C. Representatives

THE MARBLEHEAD (WILLIAM H. JOYCE AND SUMNER H. FOSTER) THE CHEWINK VII (E. G. MACOMBER JR.) THE SPOKANE I (VICE COMMANDER F. LEWIS CLARK, E. Y. C.)

Boston, Mass. July 9.—The three Sonder class yachts forming the American team to race in matches in Germany and Spain left here early in the week on board a freighter bound to Hamburg. At the latter port they will be transhipped to Kiel, where they should arrive about July 15. The boats are:

The Spokane, owned by F. Lewis Clark, of Spokane, Wash., vice commodore of the Eastern Yacht club; built in 1906 from designs by Clinton H. Crane, of New York.

The Chewink VII, owned by F. G. Macomber, Jr., Corinthian Yacht club; built in 1907 from designs by Small Brothers, Boston.

The Marblehead, owned by William H. Joyce and Sumner H. Foster, Boston Yacht club; built in 1907 from designs by B. B. Crowninshield.

The Spokane is the heavy weather representative. The Chewink is a fast all around performer, and the Marblehead is best for light weather. The crews, all amateurs, three men in a boat, will follow their craft to Germany by a fast liner and will be at Kiel to take them in hand on their arrival. They will thus have about a month in which to try them out on the Kiel courses before the international match, which will begin August 15.

This will be none too long, as the two new boats of the team were scarcely tried in actual racing before the trials off Marblehead, resulting in their selection. Their owners expect to get much more speed out of them than they then showed.

The Spokane, on the other hand, being in her second season, has "found herself," and is in every way fit. Study of the German courses, tides and weather will form a very serious part of the preparatory work of the American crews at Kiel. The conditions differ materially from those in which the boats have hitherto sailed off Marblehead.

The special committee of the Imperial Yacht club at Kiel will do everything in its power to furnish the Americans with reliable information about the conditions on the courses, and to help them gain useful experience.

J. BUCK STANLEY WILL HELP FIGHT THE RUM EVIL

His Meetings Expected to Aid in Clearing Sixth Ward of Saloons.

Tomorrow night, at the corner of Creighton avenue and Fairfield avenue, J. Buck Stanley, the noted temperance Evangelist, will commence a series of tent meetings, which will last until he has induced a sufficient number of men to sign the pledge to stop drinking. Mr. Stanley has been in the lecture field for fifteen years and during that time he has lead over

Collier's Weekly has renewed its attack on Vice President Fairbanks in the current issue and makes him subject of specific charges of being a "Wall street man." It is asserted that the Indiana statesman acquired his wealth, which the writer in Collier's says, is \$4,000,000, by the devious methods of "high finance," and it is set out that he has employed his political power to advance his business interests. The article, like the one that has preceded it, is written in undisguised hostility to the Fairbanks presidential candidacy, and it insidiously designs antagonism of labor interests by charging that as a railroad lawyer he prosecuted striking laborers and procured prison sentences for them. Altogether, the Collier's assault is of a sort that clearly manifests its own purpose.

The sending of the big battleship fleet to the Pacific coast is severely criticised in many quarters, notably by three great newspapers of New York—The Herald, the Sun and the World. All of these agree that the "place to send the fleet is to the Philippines where, if there is to be trouble, the fleet will be prepared to do what is expected of a fleet. It is felt that the sending of the fleet by way of the Horn to the Pacific coast will have quite the same effect of provoking the Japanese, if it should do so at all, without at the same time giving the United States the offensive and defensive advantages that would be vouchsafed by dispatching the big squadron to our eastern archipelago. The Herald points out that if prior to the break with Japan Russia had massed properly equipped troops in Manchuria and had made Port Arthur and Vladivostok real instead of fictitious military bases, war in all probability would have been averted. In concluding a long and impressive editorial on this subject, the Herald says: "The United States is face to face with a problem similar to the one Russia failed to solve. Distant possessions have to be safeguarded. Half measures in such a case are more dangerous than none at all. It is for this reason that the Herald, like the World and the Sun, protests against the dispatch of our battleship fleet to the Pacific coast. It should be sent to the Philippines via the Suez canal."

Great Britain is rich in mosses. There are 290 varieties found on the British islands.

J. BUCK STANLEY. Temperance Evangelist Who Will Conduct a Series of Tent Meetings Here. 350,000 men to sign the pledge. Prior to his entrance into this field he was a guard at the state prison and in his younger days was himself a confirmed drunkard, so that in his talks at these meetings he can talk from experience. He was converted from that path of life and has since always talked and worked against it in one way or another. Mr. Stanley's talks are very forceful and always right to the point, some times causing men to say that they would never come to listen to another one of them, but on the next night they are always there, anxious and ready to hear him. About two months ago he conducted a series of meetings at Kendallville and during that time he converted over five hundred men from the paths of vice and at his closing meeting had an audience of over six hundred men. These meetings are to be held upon the invitation of the remonstrators of the Sixth ward. There are about 6,000 people living in that ward and the remonstrators say that it is just a question of time until there will not be one saloon in the whole ward. They are working very hard to this end and believe that Mr. Stanley's meetings will help the cause along to a great extent.

SUIT WILL TEST CITY'S LAW. Wabash Photographer Poses on New Building and Defies Authorities. Wabash, Ind., July 10.—A controversy that has awakened interest in the entire city has come to a climax by the filing of an injunction suit by Levi Rice, a photographer, against the city. Rice was constructing a small brick building in the business district. The city council ordered Chief of Police Lines to have work stopped. Rice refused and climbed upon the building and defied any attempt to raise it. The council then ordered him to appear and explain why the building was not dangerous. Rice again refusing, the building was ordered torn down. Then the injunction suit was brought. The suit will be a test of the city's ability to control building.

WHISKY IS CAUSE OF DEATH. One Quart Each Day for Year and a Half Schwartz's Record. Evansville, Ind., July 10.—George Schwartz, a potter, died yesterday at Woodmere from the effects of drinking a quart of whisky a day for a year and a half. He was declared insane on June 26 and taken to the hospital. There he was deprived of whisky, and he lived only two weeks.

DIED IN ATLANTA. Fort Wayne friends have been advised of the death of Mrs. August Dickenson, which occurred Monday at her home in Atlanta, Ga. Mrs. Dickenson was for several years a resident of Fort Wayne. She is survived by two sons—William Dickenson, formerly of the Fort Wayne Electric works, and Siles Dickenson, an artist in New York. The interment will probably occur at Elgin, Ill.

JUNK CLEARANCE SALE

"CLEARANCE" — That's the watchword for the month of July—a clearance so decisive and well planned that it will mean a clean sweep of all merchandise remaining from the present season's selling. This Annual July Clearance will be a tremendous sale, conducted on a larger, broader scale than any previous bargain event. Our stocks this season have been heavier, consequently more goods are involved in this clearance, and the prices have been cut mercilessly to clean all summer goods out before the arrival of fall stock. Each of the 51 departments of this big store is represented in this sale. Your every need can be supplied at prices which prevail only during a sale of this character.

SOCIETY

The Semper Felix club will be entertained at a 6 o'clock dinner this evening by Mr. and Mrs. George H. Buck in honor of Mrs. J. A. Coy, of Detroit.

The members of the Nacena club and a few other young people combined in giving Mr. and Mrs. Henry Foss a surprise last evening at the home of Mrs. John Fratts, who is an aunt of the bride. About twenty guests attended and enjoyed a merry time with games, music and refreshments.

Mrs. Fred Goshorn gave a lovely party yesterday afternoon for Mrs. Ed Swadner, of Colorado Springs, who is visiting friends here. Refreshments were served at 5 o'clock. The guests were Mrs. Bessie Conklin, Mrs. Alice Watson, Mrs. Isabel White, Mrs. Mattie Lower, Mrs. Lora Ponge, Miss Alice Ponge, of Lima, O., Mrs. Sarah Meyers, Mrs. Christina Hunsche, Mrs. Hannah Swadner and little daughter, Harriet.

Mrs. Fred Mayland, Mrs. Ernest Gerke, Miss Clara Scheumann, Miss Pauline Schaefer and Miss Emma Ray entertained an equal number of young men at a supper party at Robinson park last evening. The guests were Messrs. Fred Mayland, Ed Miller, Ernest Gerke, Will Brinkroder and Fred Schmidt.

Miss Irma Hutzell was hostess for a picnic at Robinson park yesterday afternoon which was in honor of her guest, Miss Davis, of Richmond. It was a lovely little party with the character for an afternoon attraction, followed by a basket supper. In the evening a number of young men joined the young ladies and spent some time dancing. Miss Hutzell's guests were Misses Davis, Florence Fry, Edith Fox, Verna Graffe, May Fitzpatrick, Winifred Callahan, May Dittie, Charlotte Stier.

Ralph Bond, of Chicago, is in the city, the guest of relatives.

Miss Anna Miller is spending a week at Rome City with friends.

Miss Louise Hildebrand, of St. Louis, is visiting friends in this city.

Miss Nellie Henry has returned from a week's stay at Lake Wawasee. Mrs. E. B. Conklin will leave for a visit with friends in Cincinnati for a week.

Miss Alice Fairfield will leave tomorrow for New York to remain some time.

Miss Jane Harper will return tomorrow from a three weeks' visit in Dayton, Ohio.

Miss Blanche Colson, of Chicago, is visiting Mrs. G. F. Butler, of Columbia avenue.

Miss Helen Harper, of Rome City, is the guest of Miss Eliza Hanna for a few days.

Mrs. F. J. Schuller has returned from a three weeks' visit in St. Mary's, Ohio.

Mrs. W. T. Wilson, of Logansport, is the guest of the Misses Swinney for a few days.

Mr. and Mrs. W. A. Colle and son, Morley, of Toledo, are in the city visiting relatives.

Miss Doris Pottlitzer, of Lafayette, is the guest of Mr. and Mrs. E. L. Pottlitzer, of Lafayette street.

Mrs. Charles H. Meek and little daughter have returned from a visit with relatives at Pierceton.

Mrs. G. W. Aldrich and granddaughter, Helen Edwards, have gone to Geneva for a few weeks.

How to Become

Beautiful

When the delicate skin of the face is exposed to the wind and outside atmosphere it becomes roughened. At first, the roughness is too minute to be detected by the naked eye; but under a microscope can be plainly seen. This roughening, increased by repeated exposure, finally results in a complete change in the appearance of the skin—a change for the worse. In time, the velvety softness of the skin disappears and the fresh bloom of the complexion is gone.

Cold cream, powder and rouge simply cover the trouble temporarily—they do not cure it. If you would regain the fresh, delicate bloom of your complexion, obtain the following from any drug store and apply it daily to your face:

Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Epsomite (skin food), 4 ounces. Put the Epsomite in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits. It is best to make the preparation at home and follow the directions carefully.

This wash makes the skin as soft and delicate as that of a baby and gives that fine, delightful glow of health that is the heritage of youth, but so rare in the woman of thirty. It is not only entirely harmless, but is soothing to the tenderest skin. Drop in at the druggist's today or phone for it, and you will have no further need of face powders or rouge.

Sentinel's Free Cook Book

BEAN CROQUETTES.

Boil two cupfuls white beans that have been soaked in cold water over night. Add one sliced onion and cook until beans and onion are tender. Pass through a sieve and season with a heaping tablespoonful butter, melted, two eggs well beaten, salt, pepper and minced parsley. If necessary, moisten the mixture with gravy or hot water flavored with beef extract. Mould into croquettes, roll in egg and bread crumbs, and fry in deep hot fat. Serve with tomato sauce.

EMPIRE SASH IS WORN

POMPADOUR RIBBON SASH GIVES EMPIRE EFFECT.

Of the various sash effects which make such modish accessories to the summer wardrobe the Empire is perhaps the most attractive. It is prettiest when fashioned of a wide pompadour ribbon, the delicate colorings of which are well set off by the white lingerie frock with which it is usually worn. This Empire sash is used with the princess gown and draped around the figure under the bust line, finishing in the back with a butterfly bow of four loops and long ends, which extend almost to the hem of the skirt. The girder portion should be carefully tacked to strips of leatherbone that it may be better adjusted to the body.

There were games and a contest for amusements. In the contest the prize winners were Miss Louhan and Chester Kyler for first honors and Miss Irma Cartwright and C. F. Miller took consolation. There was dancing after the games and refreshments were served in the dining room, which was prettily decorated with red and white ribbons and flowers. Miss Edith Robinson proposed a toast to the hostess and the guests presented her with a lovely gift. The invited guests were Misses Hazel Cartwright, Amelia Wauke, Marie Meyers, Irene Feist, Irma Cartwright, Teresa Kegelmann, Grace Hines, Edith Robinson, Myrtle Pappert, Lena Luley, Ethel Burg, Minnie Goldstone, Esther Neidhart and Messrs. Carl Stogdill, Frank Pappert, Rahe Lee, Joseph Meyers, Charles Lee, Martin McGully, Leo Woenker, Oscar Blaising, Leo Zahn, Oscar Schnoesenberg, John Laubacher, Elmer Waddington, Chester Kyler, Arthur Chester, G. Munn, George Louhan, C. F. Miller, C. Louhan, of Decatur, and Ross Louhan, of Indianapolis.

The Ladies' Aid society of Calvary U. B. church will be entertained by Mrs. C. M. Menefee, 2440 Thomas street, Thursday evening.

The Ladies' Aid society of the West Jefferson Street church of Christ will be entertained tomorrow afternoon by Mrs. Wayne, 1102 West Berry street. All ladies of the church and their friends are invited.

The Ladies of St. John's church will hold their regular monthly meeting tomorrow afternoon in the ladies' parlor of the church.

The Woman's Foreign Missionary society of Trinity M. E. church will be entertained Friday afternoon by Mrs. Grace Harlow, assisted by Mrs. Reaser, at their home on Franklin avenue.

The south section of the Ladies' Aid society of the First M. E. church will be entertained at the home of Mrs. Rynnon, on the Hayden road, on Friday evening. All who desire to attend are asked to take the Huntington car at 1:30.

The Woman's Foreign Missionary society of the First M. E. church will be entertained tomorrow afternoon by Mrs. W. J. Robinson, 929 Columbia avenue.

Well Paid for Efforts.

All who lent their efforts last evening towards giving the little outdoor play, "The Blind Girl of Castle Cullin," for the benefit of the young women's building fund of the new Y. W. C. A. building felt well paid for time, money and strength thus spent. The entertainment was given on the lawn of Judge Allen's residence on Fairfield avenue and was exceedingly pretty. The numerous lanterns among the trees lighted the scene well and the players acquitted themselves with individual and collective credit. A dance around a Maypole was especially charming in effect and grace. Just the amount netted towards the building fund cannot be computed now as returns from the sale of tickets are not complete, but it is evident that the young women of the association will be well rewarded for their work.

Simple Toilet Lotions

CLEANSERS AND CREAMS EVERY

WOMAN NEEDS ON WASHSTAND

By Margaret Mixer.

"Simple things that every woman should have upon her dressing stand," I think I might call this article, for more and more it is borne in upon me that the efficacy of certain toilet articles that might be used is far from being completely understood. Take lemons, for instance. It is commonly known that the juice removes simple stains, but I fancy the fact is not always remembered, for seldom does one see this acid fruit upon a washstand.

Yet it may frequently take the place of soap to remove dirt from the hands, and cut in two and rubbed thoroughly over the throat and neck it will soften and whiten the skin, doing much to remove the marks made by high collars or stains that sometimes are the result of perspiration bringing out the color from a dark frock or fur.

For the nails it is invaluable, and at the slightest discoloration about the finger tips they should be worked into a piece of the fruit, or rubbed well over a slice. The juice also helps to remove old bits of cuticle obstinately adhering to the nail surface.

As a mouth wash it is most refreshing and even cleansing, and many persons believe that the juice diluted to the proportion of a small glassful of water to one lemon is excellent to help reduce flesh. No sugar is used.

In using lemon one thing should never be forgotten, and that is, its acid is ultimately drying in effect, and it is necessary to make application immediately of something to counteract it. Cold cream or grease in any form accomplishes this, and no matter on what part of the body the juice is used a rubbing with some oily substance should follow at once. The grease may later be rubbed off.

Toilet vinegars or pure colognes (not toilet waters) should be used more often and in greater quantities than they are. Being alcoholic, they are astringents and also cleansing, and constant and plentiful use of either after bathing will do much to check profuse perspiration. A spoonful of either in a basin of water is refreshing as a face bath and acts as a tonic to the skin.

Borax is a powder whose uses are limited, but most valuable, and bicarbonate of soda may be substituted for it in many cases. A pinch of either will soften a basin of water, and soda will help to remove stains from the flesh. As a mouth wash, it helps preserve the teeth, it is invaluable, more useful for this than is borax. It should be used in the proportion of a teaspoonful to half a glass of water, and the mouth should always be rinsed well after brushing when going to bed. It acts by counteracting the natural acids of the mouth that help to destroy the teeth. A weak solution of borax is excel-

lent for the eyes in inflammation brought on by over strong sun or artificial light. Soda applied at once to a burn mitigates the pain.

A large box of salt should have its place on every toilet stand. A handful rubbed over the body after a bath, before the skin is dried, is exceedingly healthful, and used on the teeth it is strengthening and whitening. For the eyes it is invaluable, and, however strong these organs may be, they will be improved by rinsing in the morning with a weak solution of it. Many persons take a teaspoonful of salt for indigestion.

It seems incredible that there should be any toilet stand lacking cold cream, yet I know such to be the case. Some women seem to think that its only use is for roughness of the skin—an idea that which nothing could be more mistaken. At times it is more cleansing than soap, for it enters into the pores more thoroughly. For the hands after house-cleaning, gardening or the like, it should be rubbed on plentifully before water touches the skin. The rubbing should continue for two or three minutes, and then a good washing with soap and hot water will bring out all the dirt, thanks, not to the soap, but to the cream. For cleaning the face after exposure to the dust from travel or motoring it should be rubbed in and removed, not with water, but with a toilet vinegar.

Nothing is so good for the nails as to apply cold cream before going to bed so that the circle about the cuticle is filled with it, and for feeding the tissues and preventing wrinkles it is, of course, invaluable.

WILL HOLD UNION MEETING.

Sunday School Workers at Wayne Street Church Friday Evening.

Much interest is being awakened in the union meeting of Sunday school workers which will be held in the parlors of Wayne Street M. E. church Friday evening, July 12.

Dr. Otto U. King, of Huntington, will talk on "The Superintendent Planning and Advertising," and Miss Anna Philley will present a report of the recent State Sunday school convention held at Kokomo. There will be a musical program and a social session, and all interested in Sunday school work of any kind are invited to be present.

TO SEND COAL IN FOREIGN SHIPS

Harriman Lines to Follow Precedent Es-

tablished by Government. New York, July 10.—According to the Sun today J. W. Jungens, manager of the operating department of the Southern Railway, has a right to charter foreign bottoms to carry coal to the Pacific in foreign ships, and speaking it was stated for E. H. Harriman, said: "The bars are down. If the United States government has a right to charter foreign bottoms to carry coal to the Pacific coast, there is no reason why the Southern Pacific should not do likewise. I am going to send coal to San Francisco in foreign bottoms."

Rear Admiral Bowles and others present at the luncheon pointed out that Mr. Harriman would not be permitted to do the thing he contemplated because of the navigation laws of the United States.

Another report of the talk of Mr. Harriman had it that he said that he "did not see why" the Southern Pacific should not compete with the government and carry coal in foreign bottoms.

PICKLES AND PIES TO BE MADE FREE OF BENZOATE

Fancy Things to Eat Will Be Pure, But They Will Now Cost More.

Washington, July 10.—Pie, pickles, preserves, canned fruits and vegetables, syrups, ketchups and various condiments are going to cost more money after this season.

They are going to cost a good deal more, in fact. Likewise, those of them which are put up in glass bottles and jars are not going to look half so pretty as heretofore.

There may even be a total failure of the pie crop, it is forecasted by some manufacturers, though a less pessimistic view is taken by folks who view the situation from a more disinterested standpoint. Anyhow, it is going to be bad enough. The 60-degree segment that now costs 10 cents at fashionable places and 5 cents at the dairy lunch counter is altogether likely to go up 15 and 20 cents; and other things in proportion.

It is all because of the pure food board's ban of aniline dyes and benzoate of soda. This benzoate of soda calamity has been alluded to heretofore; but too much can not be said of the gravity of the disaster that impends. Moreover, what has been conjectured until now, is made a certainty by the developments of the last twenty-four hours. The worst is coming.

The edict against aniline dyes and benzoate of soda (hereafter referred to as B of S) has been signed up by Secretary Wilson for some days. Yesterday it received the official signature of Secretary Straus of the department of commerce and labor. In a day or two it will be signed by Secretary of the Treasury Cortolou, according to authoritative report, and then it will become effective. The joint approval of these three secretaries, or at least of a majority of them is necessary before promulgation of such regulations.

Good for Their Complexion.

Aniline dyes are what make ketchup, preserves, pickles, condiments and other things put up in glass jars have such bright, fresh, appetizing complexions. They look so fresh and natural because they are dyed. Their complexion is about as original as that of a soubrette. Anyhow, the chemists have been figuring on whether these dyes, whose basis is coal tar, are good to be introduced into the human system, and have decided in the negative. Likewise as to B of S, which has been found to have somewhat the effect of embalming fluid. It is served especially with ready fruit pies—that is, those with patent insides.

These patent insides are very wonderful. The other day the pure food board was listening to a battalion of pie makers from Boston and outlying

points in the pie provinces, who were explaining the mysteries of the business.

"You see, it means revolution to our law the accepted and established pyllings system," explained a man, whose establishment turns out no less than 173,586,000 newly minted pies per annum.

Dr. Wiley looked furtively at his colleague, Dr. Dunlap of the pure food board of experts. Each secretly wondered what on earth pyllings might be. Dr. Dunlap passed the furtive glance on to the stenographer who was reporting the hearing. She wasn't "wise" to pyllings, either, and made a desperate series of nothook jobs at her notebook in the effort to cover up her confusion. Nobody was willing to admit that a new curve had been pitched to him, and the hearing went right on, the pie men accepting pyllings quite as a matter of course, and the government people not daring to confess their ignorance.

"Yes, the pylling industry, gentlemen, is one of the monuments of American enterprise. American pyllings are known in every land and on every sea. And they are made possible by B of S."

The food-law folks fidgeted and were obviously worried. They began to wonder if they were about to strike down the fair fabric of the national prosperity with a blow in the dark just because they didn't happen to know what pyllings were. But the pie man went right ahead.

"Pylling" Joy of Epicures.

"The world's standard, the housekeeper's friend, the baker's reliance, absolutely pure, safe in every climate, the delight of connoisseurs, the joy

of epicures and the inspiration of the true poet—this, gentlemen, is the American pylling—made possible only through the beneficent preservative properties of B of S."

This was getting serious. One more effort of that sort would be certain to cause a fracture somewhere. This empyrean was getting raggedy. Another shot at it would be fatal.

Dr. Wiley started to ask what it meant, but caught himself. He hated to acknowledge ignorance. Dr. Dunlap not having been in the business so long, wouldn't have minded confessing it on any ordinary matter; but, really, to confess uncertainty about pyllings seemed a good deal like interrupting the flow of eloquence to ask the speaker if he wouldn't just recall the name of that foreign party who discovered America.

The stenographer saved the day. She waited till the pie orator got a bit winded and stopped for the applause, when she piped, in a frightened voice: "Excuse me, but will some of you gentlemen please tell me what pylling are?"

It was out. Dr. Wiley and Dr. Dunlap sat tight and never blinked. They just listened while the Plymouth Rock pie purveyor explained:

"O, that's the trade pronunciation of 'pie fillings.'"

And the two boss chemists looked neither to the right nor the left, but straight ahead. But all this is digression. The edict against B of S, and aniline dyes is to be published soon, and the understanding is that while it will not interfere with manufacturing methods for the present season, dates will be named after which foods will have to be put up without either paint or embalming fluid. It will be tough, but unavoidable.

WIND WRECKS JEWISH TEMPLE.

Lives of Fifty People Are Endangered When Structure Collapses.

Atlanta, Ga., July 10.—Both Israel Temple was badly damaged yesterday afternoon and the lives of some fifty people in the basement endangered when the structure collapsed. A large crowd of Jews had collected for the corner stone exercises. An electrical storm came up and the spectators sought shelter in the church basement and in neighboring houses. With a mighty sweep the wind tore the framework, tossing it to the ground and in some cases heaving it through the floor into the basement.

DIARY OF A SUMMER BOARDER—NO. 2.

WEDNESDAY.—Was preparing to have a nice, quiet read when the boarders came along. They were going to play baseball against the village nine and insisted that I join them. Wish they'd let me alone, but suppose they wanted to be friendly at first. Well, I'll dodge them to-morrow.

THURSDAY.—Rained to-day, so the boarders stayed inside and sang popular songs. Forced me to accompany them on the piano. Life on a country farm is not altogether what I expected, but I suppose a crowd takes a little while to shake itself down. They'll settle down about to-morrow and things will be all right after that.

OUT THEY MUST GO

WILL BE HANDSOMEST OF ITS SIZE IN THE STATE Citizens' Trust Company to Vastly Improve Its Quarters.

Contracts have just been let by the Citizens' Trust Company for improvements in its banking house at Clinton and Berry streets that will, it is said, make the headquarters of this company by all odds the handsomest small banking rooms in the state. The successful bidders for the work are the N. O. Henders' Sons company, of Dayton, O., and the work of remodeling the rooms is to begin at once.

A modern stone front will be placed in the building, and there will be a corner vestibule entrance finished in marble and mahogany. The present fire and burglar-proof vault will be torn away to provide more room in the working quarters, and a modern concrete vault erected in its stead. The walls of the lobby will be of marble and the fixtures throughout will be of marble and mahogany, with bronze grilles and bronze electric fixtures.

The ceiling will be beam paneled and constructed of ornamental plaster in relief work and handsomely frescoed. The floor will be of ceramic tile of Grecian pattern. Officers' quarters will occupy the front of the main banking room, the work room and directors' room will be supplied with work carpets and mahogany furniture will be installed throughout. Plans for the improvement have been under way for some time and the company is looking forward with infinite pleasure to the time when it can invite the public to inspect the handsomest banking room in Indiana for its size.

HARD LINES FOR TOBACCO TRUST

Continued from Page One.

ment today filed in the United States circuit court in this city a petition against the American Tobacco company, the Imperial Tobacco company, the British-American Tobacco company, the American Shuff company, the American Cigar company, the United Cigar Stores company, the American Stogie company, the MacAndrews and Forbes company, the Corley Foll company and fifty-six other corporations and twenty-nine individuals connected with the named companies.

These corporations and individuals constitute what is generally known as the "tobacco trust" and the petition directed against them sets forth the purpose of the government to dissolve this trust by breaking up the agreements under which the consolidated concerns are working. In showing the growth of the "trust" since its organization in 1890 the conclusion is reached that at an early day, unless prevented, it would completely monopolize the entire tobacco industry.

Anti-Trust Law Violated.

That all of the defendants are engaged in interstate and foreign trade and commerce in the tobacco and products manufactured therefrom is alleged by the petition. It is stated that the act of July 2, 1890, "to protect trade and commerce" and the government therefore seeks to prevent and restrain the unlawful existing agreements, combinations and conspiracies and attempts to monopolize and break up preferred monopolies. The government asks that the existing combinations, conspiracies and monopolies be enjoined, and that each of the defendant companies be restrained from holding or controlling stock in any other. It is asked further that the Imperial Tobacco company be enjoined from doing business within the jurisdiction of the United States until it shall cease to observe the terms of its agreement with American companies; that certain of the defendants be declared combinations in restraint of trade and be enjoined from engaging in interstate and foreign trade and commerce, or that a receiver be appointed to take charge of their affairs and administer them so as to bring about conditions in harmony with the law.

Organization and History.

The organization of the tobacco trust, according to the petition, dates from the formation of the American Tobacco company in 1890 to acquire five competing cigarette manufacturers, with joint assets much less than \$25,000,000 and an annual consumption of leaf under 15,000,000 pounds.

The petition shows the subsequent history, development and growth of that company until its total assets now exceed \$275,000,000 and controlled corporations utilized as agencies to accomplish the general design: the progressive absorption and elimination of competitors and destruction of formidable opposition; and the entry by defendants into various departments of manufacture and trade, domestic and foreign, into tobacco production with intent to monopolize. The allegation is made that the members of the combination have divided up the tobacco business of the world, assigning to some special territory for unmolested exploitation. It is declared that the consolidated corporations annually purchase 475,000,000 pounds of domestic leaf, and of the total produced in the United States manufacture, sell and distribute more than 280,000,000 pounds (80 per cent.) of the smoking and plug tobaccos; 15 per cent. of the snuff, 80 per cent. of the cigarettes, 75 per cent. of the small cigars, 95 per cent. of the licorice products, 8 per cent. of the tin foil products and 10 to 15 per cent. of the cigars and stogies; that they are rapidly acquiring control of the ordinary agencies—jobbers, wholesalers and retailers—through which tobacco products are distributed.

Trust Controls 75 Per Cent. Of the total annual production of domestic tobacco, estimated at 800,000,000 pounds, 75 per cent is purchased by the American Tobacco company and its associates and its allies at prices which the government alleges to be unlawfully influenced by the combination. It is said that this is in defiance of the usual laws of trade, where open competition by many separate and independent concerns control the prices.

The petition continues: "The American Tobacco company of New Jersey, organized in 1890 with \$25,000,000 capital, took over the business of Allen & Ginter, of Richmond; W. Duke Sons & Co. of North Carolina; Kinney Tobacco company, W. S. Kimball & Co. and Goodwin & Co. of New York, and thereby acquired control of the manufacture, trade and commerce in cigarettes. It was immediately successful and shortly after its formation the interested parties began to extend its operations and with others united from time to time have steadily sought through it to acquire dominion power and to monopolize the different branches of the tobacco industry. This company has been the principal agency through which the designs of the combination have been accomplished, but many different corporations have been organized, the control of many others been secured and in various ways these have been manipulated and utilized."

Plan of Monopoly's Operation. The operations of the monopoly, according to this general plan: To acquire through other confederated companies the business of successful competitors, taking from owners and managers an agreement not thereafter to engage in the tobacco business; to drive out other opponents by destructive competition; to deter any who might wish to engage in the trade, and finally to gain control of the agencies through which tobacco products were distributed. It is said these things have been accomplished by means of the increasing power and forces of the combination and by acquiring controlling interests in the stock of corporations, thereafter operating without competition. Many kinds of unfair trade methods have been resorted to, it is said, a favorable one being to cause a corporation secretly controlled to advertise itself as wholly independent and free from association with trusts and combinations, to offer its goods below cost, to imitate competing brands, and in these ways to use the same for the destruction of real independent.

Trust Becomes International.

After reciting the bitter trade war between American and English concerns, the petition shows how the combinations in these countries, wearying of competition in 1902, entered into written agreements each not to interfere with the other along certain well defined lines and together forming the Imperial Tobacco company to carry on the trade and commerce in other countries without competition. The government declares that this division of the world has ever since been strictly observed and the three companies with their allies and associates have all been operated in harmony.

An interesting chapter of the petition is devoted to methods of distribution of tobacco products. The American Tobacco company in 1901, the petition states, acquired control of the United Cigar Stores company (for a long time thereafter denied) and through it retail tobacco stores are established in the large cities, which by reason of the powerful support and influence of the combination have quickly secured a dominating position in the trade and are destroying competitors.

RAISING FINAL STOCK.

Big Committee is Finishing Up Hotel Solicitation.

A large committee is today engaged in the work of securing the final local subscriptions to the new hotel proposition and among those engaged in the work are C. A. Gaudin, Charles McCullough, C. N. Dunkelberg, F. T. Tennen and L. F. Curdes. But \$20,000 is yet lacking to make up the \$200,000 of local subscription desired, and it is believed it will be raised very quickly.

BOY DRAGGED UNDER A CAR. Peru, Ind., July 10.—Fred Hanes, 14 years old, of Huntington, had a thrilling experience Monday in which he nearly lost his life. However, he was only slightly injured. He was riding his bicycle along a street car track when suddenly there appeared before him an open car. The pilot struck his wheel and threw him to the ground. In falling his coat was caught on the running board of the car and he was dragged for almost a square under the car.

When the car was stopped the boy was lying on his face just before the rear trucks. He was assisted from his perilous position and was able to walk home without aid. He was greatly frightened, however, and a physician was called.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market. Chicago, Ill., July 10.—Wheat market today opened weak because of liquidation sales which were based largely on the expectation of an early good crop report. Grain in the northwest were a weakening influence which offset the reports of higher prices at Liverpool. September opened a shade higher at 54c and sold at 54 1/2c to 55c and sold at 54c. Minneapolis, Duluth and Chicago received receipts of 20,000 bushels. The corn market was easier, because of rains throughout the corn belt and in sympathy with wheat. September opened higher at 34c and sold at 34 1/2c to 35c and sold at 34c. Local receipts were 101 cars.

The clover market was as follows: Wheat—July, 54 1/2c; September, 54 1/2c; Corn—July, 34 1/2c; September, 34 1/2c; Beans—July, 31c; September, 31c; Pork—July, 11 1/2c; September, 11 1/2c; Lard—July, 10 1/2c; September, 10 1/2c; Eggs—July, 21c; September, 21c; Butter—July, 21c; September, 21c.

CITY BREVITIES.

C. W. Orr has returned from Peru
on business.

Mrs. Baer, of East Washington
street, is recovering nicely from her
sickness with appendicitis.
Herbert Lucas, a police officer
from Harrisburg, Pa., is the guest
of his brother-in-law, Bailiff George
Strudel.

Oscar Turfinger is rapidly recover-
ing from his recent operation for ap-
pendicitis and he will soon be entire-
ly well.

Ernest Felzer, who recently under-
went an operation at the Lutheran
hospital, is now out of danger and
rapidly recovering.

Sergeant E. J. Caldwell has received
an assistant at the local marine re-
cruiting office from Brooklyn. He is
Private George King.

J. Lowenstein & Son yesterday sold
to Dr. D. D. Clark, of Decatur, one of
the finest maros ever in this city.
The price paid was \$500.

G. Max Hofmann and John W. Sale
were at Bluffton yesterday attending a
meeting of the stockholders of the
Marion, Bluffton and Eastern Traction
company.

E. H. Boulting has returned from
Pur-in-Bay, Ohio, and Wonderland
park, Indianapolis, after playing in
successful concerts by the Chicago
Newsboys' band.

Mr. and Mrs. Chris D. Myers, for-
merly of Fort Wayne, who removed to
Redlands, Cal., two years ago, are
now at Columbia City, where they
will spend the summer.

The fire department was called out
last evening about 7 o'clock to ex-
tinguish a small blaze in the barn of
Mrs. Gladbach at 145 Esmond street.
The loss will amount to about ten
dollars.

By grasping a live wire on the
Springfield interurban line yesterday,
Robert, the nine-year-old son of Mr.
and Mrs. Samuel Errington, of South
Woodland avenue, had his hand se-
verely burned.

Just seventeen years ago last Sun-
day Rev. John R. Quinlan, now of
Huntington, preached his first sermon
in the Cathedral here. At that time
he was assistant pastor and it was
shortly after his ordination.

George B. Plannigan, of Newark,
Ohio, who recently filed his applica-
tion for enlistment in the regular
army with Corporal Donaldson, in
this city, was yesterday accepted. He
formerly belonged to the coast ar-
tillery service.

A farewell reception was last even-
ing tendered Rev. W. D. Sullivan, as-
sistant pastor at the Cathedral, who
will go to Lauro. The affair was giv-
en by the Young Men's society, of
which Father Sullivan was the spiri-
tual director and he was given a purse
in token of esteem.

The family of John R. Hartzell, of
New Haven, are greatly alarmed over
the condition of Mr. Hartzell. Mr.
Hartzell is now suffering from a liver
complaint and attendant complica-
tions. He is very active in the affairs
of Adam township and all his friends
fear for his recovery.

E. S. Butler, of this city, yesterday
attended the funeral services of the
late Caleb Townsend, which were
held at the family home in Jefferson
township. A large number of friends
of the dead man were present. Mr.
Townsend was killed by a Pennsylva-
nia passenger train Monday at Con-
voy, Ohio.

RIFLE TEAM GOES SATURDAY.

Capt. Driesbach, Sergt. Shaffer,
Sergt. Howard Shouder and Private
P. Reilly, composing the rifle team of
company D, Third regiment, I. N. G.,
will leave Saturday morning for Fort
Benjamin Harrison, near Indianapolis,
to compete with teams from the First,
Second and Third battalions of the
Third regiment, I. N. G., for a place
in the team which will represent this
city in the rifle contests to be held at
Crown Point, Ohio. The local team
will enter in the skirmish, quick and
slow fire contests and fully expect to
come out victorious. The remainder
of the company will leave next Wed-
nesday for the annual state encamp-
ment at that place.

MADE NO CHARGES.

Chairman E. J. Lennon, of the board of
public works was before the board of
safety last night in reference to a state-
ment that he had seen policemen in sa-
lons after hours but made no specific
charges. The matter will be taken up
again when George Hermann returns
from Monroe, Wis. The resignation of
David Bloom, former night patrol driver,
was accepted. His successor as a trustee
of the police pension fund will be se-
lected July 15.

Corn Bread,
Coffee.

Baked Peppers, Chicken and Crumb
Filling.
Brown Bread and Butter.
Cottage Cheese Balls, Sponge Cakelet,
Cocoa.

—Dinner—
Iced Fruit Pie.
Deviled Lamb Chops.
Savory Rice Croquettes.
Creamed Peas in Crustadees.
Shred Tomatoes, French Dressing.
La Favorite Dessert.
Black Coffee.

La Favorite—Line a quart mold with
red raspberries. Make a pint and a half
of currant and raspberry jelly stiffened
with gelatin. Fill the mold. Serve
very cold. Garnish the platter with cubes
of sponge cake tied with a pale green
ling, a nut on the top of each. Serve
the jelly with rich cream.

—Note—There are few things so useful
to the housewife as good store of jams
and jellies. They are an invaluable ad-
dition for certain kinds of cake and pud-
ding, while served by themselves at
luncheon or supper are greatly en-
joyed by most people. Appended are two
recipes which will form a welcome addi-
tion to the housewife's recipe book:

—Blackberry Jelly—Strip the ripe berries
into the kettle and stir over the fire with
a wooden spoon until the juice flows free-
ly, turn into a jelly bag and let drain
without touching so as not to have cloudy.
Weigh and boil sharply fifteen minutes.
Remove from fire and add sugar, allowing
fourteen ounces to one pint of juice.
Boil fifteen minutes, stirring and skim-
ming until it jellies. This is an old
English recipe.

—Blackberry Jam—Take equal weights of
berries and sugar. Mix well, together
and stand over night. In the morning
place in a kettle, boil two hours, skim-
ing carefully, then it is ready for the
jars.
